

NO UNEASINESS IN WASHINGTON.

All Concern Over Pan-American Congress Dissipated.

INVITATION ARE ACCEPTED

American States, Big and Little, Will Be Represented—Program Contains Four Subjects.

New York, July 12.—There is no longer any uneasiness in Washington official circles, says a Tribune dispatch, over the forthcoming Pan-American congress, which is to meet in the City of Mexico next October, with a representation of all the American states, big and little. Whatever doubt may have existed because of the dispute between Chili and Peru on the question of arbitration is dissolved by a statement just made at the bureau of American republics to the effect that Secy. Hay has received assurances that every government in the western hemisphere has accepted in good faith the invitation of President Diaz of Mexico to take part in the congress. This assurance, it is further said, came to Secy. Hay in response to a telegraphic inquiry sent by him several weeks ago to the United States minister accredited to each Latin-American country.

Every reply received by him declared in the most positive terms that the invitation of President Diaz had been accepted and the preparations for representation at the congress were well advanced. It is expected that within two or three weeks the names of all the representatives designated by the proper authorities of the various nations will be on file in the bureau of American republics. This indicates that Chili never fully intended to hold aloof from this congress as she did from the first one held in Washington ten years ago and also that Peru and her ally Bolivia, in the Tacna and Arica affair were only threatening to reject the invitation unless the congress was pledged in advance to keep up the international disputes of long standing.

Little importance is attached in Washington now, to the recent hurried departure of the Bolivian minister from Washington to Caracas, Venezuela. Although it was explained at the time that he is accredited by his government both to the United States and Venezuela, and that his visit to the latter country was in the line of his official duties, the allegation was made from various parts of South America that he had gone to Caracas to engender dissatisfaction relative to the congress and to persuade Venezuela to join Peru, Bolivia and Ecuador. While no denial of this rumor has yet come from the minister it is strongly believed in well informed circles in Washington, nevertheless, that the replies received by Secy. Hay stamp the story as unworthy of credence.

The official tentative program for the congress which has finally been agreed upon by the executive committee of the bureau of American republics is now made public for the first time. It shows that only four general subjects will be especially urged on the congress for consideration. They are:

First, arbitration.
Second, international court of claims.
Third, measures for the protection of industry, agriculture and commerce.
Development of the means of communication between the countries composing the union. Consular, port and customs regulations, statistics.

Fourth, re-organization of the international bureau of American republics.
By the terms of this program it is left to the action of the congress as to whether its action on the subject of arbitration shall be retroactive as demanded by Peru and Bolivia, or shall be confined strictly to future disputes, as contended for by Chili.

DON'T WANT CARNEGIE'S GIFT

S. F. Labor Council Passes Resolution in Favor of Rejecting It.

San Francisco, July 12.—The San Francisco labor council has passed by a nearly unanimous vote a resolution advocating in strong terms the rejection of Andrew Carnegie's offer to this city of \$750,000 for a public library.

MAINE TO BE LAUNCHED JULY 27.

Philadelphia, July 12.—The Cramp Ship Building company has notified the secretary of the navy that the battleship Maine will be launched on Saturday, July 27, at 11 o'clock a. m. It is understood at the yard that there will be no special ceremonies on the occasion as had been anticipated. Invitations will be sent to naval officials at Washington and a few friends of the builders.

LILLYWHITE'S CASE.

He is Trying to Induce the American Government to Take it Up.

New York, July 12.—A dispatch to the Tribune from London says that Charles Lillywhite is endeavoring to induce the American government to take up his case for damages for arrest and seven months' imprisonment. His papers show that, while he was born in London, he was naturalized in Chicago and was a resident of Tacoma, before he went to New Zealand, where he was arrested and sent to Colchester on a charge of murder and arson.

He intends to return to New Zealand now that his innocence has been established, but hopes to hold the British authorities responsible for this case of mistaken identity, as he lived in New Zealand for several years before his arrest and deportation in 1898. The bearings of his American naturalization are uncertain.

INJURED ITALIANS.

Representative of Italian Consul Requests Permission to See Them.

Chicago, July 12.—The Tribune says, Acting consul from Austria, H. Schweigel, will go to Peru, Ind., today, to visit the Austrian and Italian subjects injured recently in the train wreck at Cass, Ind., on the Wabash railroad. The men are being cared for in the Wabash hospital, and when representatives of the Italian and Austrian consuls called to see them they were refused admission on "humanitarian grounds." Mr. Schweigel will be accompanied by Mr. Malatta, who has represented the Italian and Austrian consulates in their efforts to reach the injured men and by Dr. Anton Bianchini.

Should the hospital authorities again refuse to permit the injured men to be seen on the grounds that their condition would forbid Mr. Schweigel will protest in the name of his own and the Italian governments and will ask that his physician be permitted to be the judge of the degree of illness.

The Wabash officials already have agreed to admit the visitors to the

A WISCONSIN PIONEER

Recommends Pe-ru-na as Being Worth its Weight in Gold.

JOHN PAULIN, Sr., a pioneer of Port Washington, Wis., is held in high esteem by the residents of that place. He is one of the oldest citizens. In a recent letter he says:

"I have used Peruna with good results for coughs and colds. It has also cured my catarrh which always became worse when affected with but a slight cold. I am recommending Peruna because it is worth its weight in gold."—John Paulin, Sr.

J. R. Prince, East Leon, N. Y., writes: "Peruna has saved my life, and made a strong, healthy, joyful old man of me. Peruna is just what every family should not be without. I have taken very few colds since I have used Peruna, but when I do catch cold, Peruna is my medicine."

"A minister came to me last summer and said that he had seen my testimonial in the paper, and began taking Peruna. He said that it straightened him right up—he was troubled with kidney trouble and Peruna cured him. I cannot express my thanks for the benefit your medicine has been to me."—J. R. Prince.

presence of such sufferers as in the judgment of the hospital authorities should be visited.

Count Rozwadowski, the Italian consul, said: "When Mr. Malatta, my representative, went to see the injured men and the hospital officials denied him admission, I called the attention of the Italian embassy to the action and through a representative it was taken up and referred to the state department, which in turn referred it to Gov. Durbin. I am the only one these people have to represent them."

SUITS FOR DAMAGES.

Defendant is Bunker Hill and Sullivan Contracting Company.

Portland, Or., July 12.—Gunder Kettleson and Frank Evanson today commenced suit for damages in the United States court against the Bunker Hill and Sullivan Contracting company of Warrenton, Ind. Kettleson asks for \$40,000 and Evanson for \$10,000 on account of injuries alleged to have been received while in the employ of the company.

SHERIFF'S ARBITRARY ACTION

Ohio Official Compels a Man in Colorado to Accompany Him.

Cripple Creek, Colo., July 12.—Through the action of an Ohio sheriff, it is said, the governors of Colorado and Ohio will be appealed to to secure the liberty of a man now said to be on his way east under arrest.

Sheriff J. M. Downs, of Mechanicsville, Ohio, arrived here a week ago with extradition papers for Albert M. Weir, charged with deserting his infant child, which, in Ohio, is a criminal offense. Weir was arrested but was subsequently discharged upon habeas corpus proceedings instituted before Judge Cunningham of the district court. Some time last night, it is said, Sheriff Downs appeared at Weir's house and compelled him to accompany him aboard a train on which they left the city. Sheriff Stewart, of this city, when he learned of the affair wired Gov. Orman the facts, and will ask him to appeal to the Ohio executive to have Weir released.

ROSSLAND MINES CLOSE.

Miners' Union Issues a Statement of the Cause of the Strike.

Rossland, B. C., July 12.—The War Eagle and Centre Star mines closed down this morning, adding 200 idle men to the strikers, who now number about 1,100. Every large mine is now idle. The Rossland board of trade is taking steps to secure arbitration of the trouble. Should this fall the strike may last for weeks or months. There is no disorder and no

Mr. A. Howell, Marietta, Ga., writes: "I have been troubled with catarrh in head, throat and stomach for several years, and from accounts that I have read in several newspapers the good effects that many had received from Peruna, and whose veracity could not be doubted caused me to give it a trial, and I found the day that I did make a trial. It has made a new man of me."

"I was all my life up to about five years ago a very healthy man, and about that time I was troubled with catarrh. I tried a number of prescriptions from different doctors but none seemed to relieve me until I commenced the use of Peruna, and from its use I can truly say that I have been greatly benefited."

"I am now in my eighty-seventh year and can walk and get about as well as many much younger than myself and attribute it greatly to the use of Peruna. I keep some on hand all the time, and consider it the cheapest medicine in the world."—Mr. A. Howell.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

violence is feared. One copper furnace in the smelter at Trail, B. C., has closed down for lack of ore, and the other is expected to be in four or five days. The lead furnaces are not affected, as the ores come from Slocan.

The Miners' union issued a statement of the strike, giving the cause as follows:

"The foundation of the trouble is the fact that nearly half the mine people are paid here 20 per cent less than for the same labor in other camps, and to continue this, annoyance practices are introduced, as follows: "First, a system of espionage and blacklisting, by which many of the ablest members are compelled to seek employment elsewhere; second, revocation of the privilege of the secretary being allowed to solicit members among non-union members off duty on the company premises; third, connection with a bogus employment agency seeking to flood an overcrowded market with cheap foreign labor; fourth, by the corporation seeking to crush a sister union at Northport."

A ROMANTIC TALE.

Story of Lord Rosebery's Engagement to Duchess of Albany.

New York, July 12.—According to the Tribune's London correspondent the reported engagement of Lord Rosebery and the Duchess of Albany is not credited by his intimate friends, and is dismissed in British diplomatic circles as an idle tale. Those who ordinarily have his confidence decline to believe that he will ever marry again.

Another rumor which also needs corroborative evidence assigns to Lord Rosebery the role of peacemaker in South Africa. It is asserted that Mr. Kruger and the advisers in touch with him in Holland have offered to negotiate peace with Lord Rosebery but not with either Mr. Chamberlain or Lord Milner. It is hardly credible that Lord Salisbury will seriously entertain proposals derogatory to the dignity of his own government. Mr. Chamberlain and Sir Alfred Milner are the only possible peacemakers on the British side.

SMUGGLER-UNION VICTIMS.

Coroner's Jury Says Came to Their Death at Hands of Unknown Parties.

Telluride, Colo., July 12.—The coroner's jury summoned for the purpose of inquiring into the causes of the death of the three men killed in the attack on the Smuggler-Union mine on July 2nd, returned a verdict today that death resulted from gunshot wounds inflicted by persons unknown.

SALT AIR FILLED WITH MACCABEES

Entertaining Program is Given—Ladies' Drill the Feature.

BALL GAME IN THE WATER.

Famous Resort is Thronged by Members of the Order and Hundreds of Tourists from the East.

When it comes to holding up a good time all day and nearly all night, the Maccabees are to be reckoned with. They and their friends were out to Saltair yesterday about 5,000 strong and they never allowed one minute to go to waste. There were others there besides the Maccabees until the crowd was estimated at between 4,500 and 5,000. The contingent that came down from Ogden numbered about 600, and Utah county contributed about 400. A good long program had been prepared, but some of it had to be cut out.

The day's diversion was to have begun with a band contest between the Springville and Spanish Fork bands, but the latter had misunderstood the conditions and for that reason withdrew. The state banner and the \$15 cash prize was therefore awarded to the Springville organization. The next attraction was a ball game, pulled off in the lake. Small boys were used for bases and there was plenty of fun. After two innings of the never game it was closed with a draw.

The prettiest feature of the day was the drill exhibition between the lady Maccabees of Salt Lake tent No. 11, and Tintic tent No. 6. Both companies executed the movements with unusual grace and accuracy and the judges, H. C. Lucas and M. M. Trainer of Sibley, Iowa, and C. E. Channel of Kearney, Nebraska, had a hard time deciding, but they finally awarded the prize to the Salt Lake ladies. The Tintic ladies were quite disappointed and one of them said the judges were blind. The captain of the winning team was Mrs. Nick Palmer. The visitors were led by Mrs. Beverley Harper. The prizes in this contest were \$25 for the first and \$15 for the second.

There was a baby show and consequently a lot of disappointed mothers. The infants were gathered together and it seemed next to impossible to locate the prettiest cherub on the pavilion. It was finally decided that the babies of Ted Deane, Lawrence Evans and George Cart were the three entitled to the prizes.

In the contest for the most popular lady Miss May Gray, won with 157 votes and was given a black silk skirt, as a prize. Mrs. Mac Murphy followed with 124 votes.

It was voted that Mrs. Hendrickson of the Lake House was the handsomest lady at the beach, and was awarded a toilet case as a prize.

It was generally conceded that Max Beaver, of the Bingham lodge, was the homeliest Maccabee on the pavilion, but he didn't care.

Joseph Standish of Bingham was given a prize for being the oldest post commander present.

In the evening the dancing contests were pulled off. The prize waltz was captured by Miss Anna Anderson and Lee Cohen. The two-step was won by C. Carstensen and Miss L. Anderson.

The cakewalk called out a number of juvenile contestants and the prize was awarded to Master and Miss Feeney. Miss Crogan and Miss Adelaide Sutton won in the cotillon.

RUDE ENDING OF RUNAWAY MATCH

Mrs. Lottie Levy Kahn, Salt Lake Songstress, to Sue for Divorce.

ONLY WEDDED 7 MONTHS.

The Divorce Not as Great a Surprise as the Marriage—Mrs. Kahn Will Sing at Salt Palace Next Week.

The first step in her divorce proceedings has been taken by Lottie Levy Kahn. On his return to the city yesterday from an eastern trip Ferdinand and N. Kahn was served by Deputy Sheriff Cummock with a summons, which apprised him of the news that within five days his wife would file a complaint in the district court praying for a decree of divorce on the grounds of failure to provide with the common necessities of life.

Matters have been drifting towards a legal separation for some time. In fact, as the marriage only occurred on the Tenth of last December it may be classed in the failure list. Still it had its romantic side, being of the nature of a run-away match. Lottie Levy and Fred Kahn encountered opposition and eloped to Farmington, where Nepht Palmer tied the marital knot in the Davis county court house. The young people kept the ceremony a profound secret and introduced it as a Christmas present. Two months later the bride and bridegroom separated and Mrs. Kahn returned to her family.

Lottie Levy Kahn has risen to a position of stellar magnitude on the local operatic stage, and if she chose to follow the profession would doubtless make a name for herself. She has a rich mezzo soprano voice. Her husband is a nephew of Emanuel Kahn, and until recently was bookkeeper in the Kahn Brothers wholesale grocery on East Temple street.

VARIOUS COURT ITEMS.

Bishop Adam Spiers has filed his account as executor of the estate of John Proctor after over 29 years' service in this capacity. The reality was appraised at \$4,500, and has been either sold or distributed to the heirs, but out of the personal property, valued at \$1,553.62, only \$647.25 had been realized, the rest being uncollectible, or in worthless mining stocks.

Deputy Clerk Armstrong yesterday heard testimony in the Leader divorce case and will recommend that the court grant the decree. Ida M. Leader's testimony as to non-support was backed up by that of Mrs. Flora Thompson and Mrs. Mary E. Gritton. She married George W. Leader in Des Moines in 1884.

Bessie Blanche Dutcher Chrono is suing for divorce from Vanner Chrono on the ground of non-support. The marriage took place here on April 22, 1895, and there is one boy.

The Salt Lake Brewing company has commenced suit against the estate of P. T. Nystrom, deceased, to recover \$1,497.25 on a disputed account.
